CRAFTSMAN AND MERIT WOODSMEN'S AXES—THOUSANDS IN USE! LUMBERJACKS' FAVORITE

NATIONAL HEADQUARTERS FOR AXES

MERIT MICHIGAN PATTERN WOODSMEN'S AXES

- Forged steel heads, properly tempered and hardened.
- Highly polished tool steel bits cut deep and clean.
- Accurately balanced for an easy swing.
- Selected white hickory handle securely wedged in tapered eye.

Sears MERIT axes are made with the same expert care and workmanship as Sears CRAFTSMAN axes but are not as finely finished. Fully guaranteed. High carbon steel bits take and hold a keen edge. Perfect balance—fast cutting with every swing. White hickory handle power driven into thin tapered eye—won't come loose. Attractive orange finished head with highly polished tool steel bits. Choice of 3½ or 4-pound head. State weight wanted.

99 D 5031—MERIT Single Bit. Shipping weight, 7 pounds. \$1.35
99 D 5033—MERIT Double Bit. Shipping weight, 7 pounds. 1.65

CRAFTSMAN MICHIGAN PATTERN WOODSMEN'S AXES

- Tough forged steel heads; properly tempered and hardened.
- Highly tempered non-chipping tool steel bits keep their sharpness.
- Select white hickory handle; wedge locked into thin tapered eye.
- Perfectly balanced to give you an easy, tireless swing.

Sears CRAFTSMAN axes are guaranteed America's finest quality, equal in every respect to the highest priced axes you can buy. Finer materials, better workmanship, proper heat treatment and superior finish will convince you that there are none better. Select straight grained oval white hickory handle; the style the woodsman demands. Securely wedged under pressure, into thin tapered eye to make sure the head won't come loose. Smooth ivory black finished head. Choice of 3½, 4, or 4½ lb. head. State weight.

99 DM 5296	150	4 x 16	1 In.	3/8	20.65

Quick Coking High Carbon Blacksmiths' Coal
Gives a steady, hot fire. Highest quality obtainable—low in ash and sulphur content. Shipping weight, 100 pounds.
99 DM 5279—100-pound bag.....79c

8-Lb. Anvils
Smoothly ground and polished face. Gray iron. Red lacquer finish. Shipping weight same as actual weight.
9 D 5286—Shpg. wt., 9 lbs. 10 oz. 85c

Semi-Steel Farm Anvils
Trued and polished face.
99 DM 5289—Shpg. wt., 50 lbs. \$2.98
99 DM 5290—Shpg. wt., 70 lbs. 3.75

Straight Hardies
9 D 5314—Forged tool steel—properly tempered and hardened. Sharpened bit.
Shank, In. ... 1/4-inch ... 3/8-inch ... 1/2-inch ... 3/4-inch ... 1-inch

Heavy Duty Hand Blowers
• 48 to 1 gear ratio gives steady, powerful blast.
• Accurately cut helical steel gears run in oil bath in dustproof, oil-tight case.

WHIRLWIND. A heavier construction for long life; larger gear ratio for more powerful blast; helical cut steel gears for smoother running. Compare these features with blowers selling anywhere near these low prices. Sturdy tubular steel legs. Piping and tyeure iron included as illustrated.

99 DM 5255—Height, 42 1/2 in. 10 1/2 in. fan case. Shipping weight, 60 pounds.....\$9.75

99 DM 5256—Similar to above but for heavier work. Height, 47 inches. 12 1/2 in. fan case. Piping and heavy anti-clinker tyeure iron included. Shpg. wt., 87 lbs.....\$14.45

VULCAN Heavy Duty Forges
• Heavy cast iron hearth, 18x20 in. Won't burn out.
• Heats 4-in. iron to welding point in ten minutes.
• Helical cut steel gears in oil bath, dustproof, rigid cast iron case.
• Gear ratio, 48 to 1; steady, powerful blast. For heavy duty work. High speed 8-in. fan case. Ball end thrust bearing. Heavy tubular steel legs; won't wobble. Ht., to hearth, 31 in.; over all, 41 in. Shipped freight or express. Shipping wt., 88 lbs.

99 DM 5275—Height, 42 1/2 in. 10 1/2 in. fan case. Shipping weight, 60 pounds.....\$9.75

99 DM 5276—Similar to above but for heavier work. Height, 47 inches. 12 1/2 in. fan case. Piping and heavy anti-clinker tyeure iron included. Shpg. wt., 87 lbs.....\$14.45

99 DM 5277—Height, 42 1/2 in. 10 1/2 in. fan case. Shipping weight, 60 pounds.....\$9.75

Genuine VULCAN Forges With Cast Iron Hearths
• Heavy cast iron—won't burn out. Will outlast two ordinary steel hearth forges.
• Heats 3-inch iron to welding point in ten minutes.
• Helical cut steel gears in oil bath, dustproof cast iron case.
• Gear ratio, 48 to 1; gives steady blast.

You get longer and superior service from cast iron hearth forges—the choice of the master smith. 8-in. fan case. Tubular steel legs.
99 DM 5265—Shield style. 19-in. hearth. Height, 40 in. Shipping weight, 65 pounds.....\$7.95

99 DM 5266—As above, but hood style. Ht., 5 in. Shpg. wt., 67 lbs.....\$8.95

99 DM 5270—Larger and heavier than above. Shield style. 22-in. hearth. Height, 40 in. Shipping weight, 90 pounds.....\$9.65

Steel Hearth Forges
• Accurately cut helical steel gears; gear ratio, 48 to 1.
• Oiltight, dustproof, cast iron gear case.

Meets the demand for a better, general purpose, low-priced forge. 18-in. hearth. 8-in. fan case. Tubular steel legs.
99 DM 5260—Shield Style. Height, 40 inches. Shipping wt., 42 pounds.....\$5.40

99 DM 5261—Hood Style. Height, 51 inches. Shipping wt., 43 pounds.....\$6.30

FULTON Horseshoeing Outfit. Pair of 14-in. nippers, hammer, buffer, 14-in. rasp, knife and pritchel. As illustrated. Shpg. wt., 7 lbs. 8 oz.
9 D 5335.....\$3.85

Cutting Nippers. Tempered steel jaws. Polished head. Black handles. Shipping weight, 2 lbs. 8 oz.
9 D 5336—Length, 14 inches.....89c

Hoe Parers. Tempered steel jaws. Fully polished head and handles. Shipping weight, 2 lbs. 4 oz.
9 D 5329—Length, 12 in.....\$1.39

Bolt Tongs. Forged steel. Length, 20 in. Shipping wt., each, 3 lbs. 10 oz.
9 D 5324—State size.....98c

For 1/2-inch bolt.....\$1.10
For 3/4-inch bolt.....1.25

Farriers' Tongs. Drop-forged cupped jaws. Tapered spring reins. Shipping weight, 1 lb. 14 oz.
9 D 5320—Length, 14 inches.....69c

Forged Steel Cutters. Cut, 1 1/2 in. Black finish; polished blade. Shpg. wt., 2 lbs. 10 oz.
9 D 5318—Cold cutter. Crucible steel.....79c

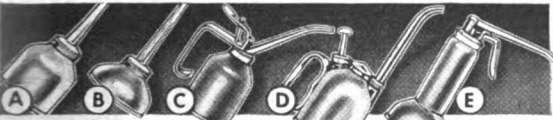

9 D 5317—Hot cutter. Tool steel.....79c

CRAFTSMAN E-Z Cut Horse Rasp. Highest quality tempered steel. Fast cutting.

Farriers' Knife. Interchangeable tool steel blade; 4 1/4 in. long. Iron handle. Shipping weight, 10 oz.
9 D 5341.....59c

MERIT Farriers' Hammer. Tempered and full polished. Hickory handle. Shpg. wt., 1 lb. 12 oz.
9 D 5337.....85c

Ball Bearing Hoof Shears. Interchangeable blades. Shipping weight, 3 pounds 4 ounces.
9 D 5331—Length, 14 in. \$3.79
Blades for above. Shipping wt., 3 lbs. 4 oz. \$3.79

Mowing Machine Oilers
Steel body, copperized spring bottom. 5-inch straight spout.
9 D 5334—1/2-pint. (Shpg. wt., 8 oz.).....8c
6 for. (Shpg. wt., 2 lbs. 6 oz.).....44c

Handy Oilers
Copper plated steel with double sealed leak-proof bottoms.
9 D 5336—1/2-pint. Bottom diameter, 3 1/2 in. 5-in. straight spout. Shpg. wt., 12 oz.....10c

9 D 5337—1-pint. Bottom diam., 4 1/2 in. 9-in. bent spout. Shpg. wt., 1 lb. 2 oz.....20c

Force Feed Oilers
These oilers permit easy access to oil cups, bearings and other places where pressure is required. Works well with light or heavy oil.
9 D 5343—3/4-pt. Pump Oilier. 5-inch spout. Attractive enamel finish over copper. Shipping weight, 1 pound.....58c

9 D 5341—Heavy Duty Plunger Type. 3/4-pt. capacity. 5-in. spout. Shipping weight, 1 lb. 8 oz.....95c

9 D 5342—Like 9 D 5341, but 1 1/2 pint capacity and with 12-in. spout. Height, 17 1/2 in. Shipping weight, 2 lbs. 3 oz.....\$1.29

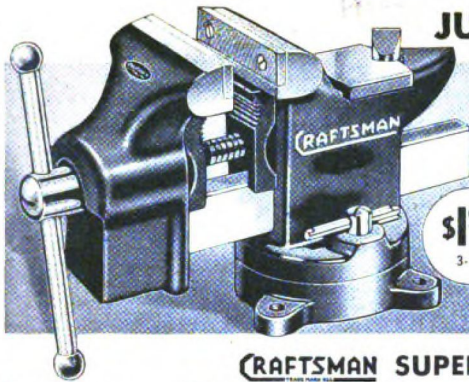

9 D 5339—Trigger Type. 3/4-pint. New design—Easy to use. 6-inch spout. Shipping weight, 1 pound 10 ounces.....98c

IRON BARS—ROUNDS—SQUARES—ANGLES
For hot forging and cold forming. Sold only in 16-ft. bars. Weights and lengths may vary slightly. State size. Shipped freight or express.

99 DM 8050—Round Iron; 16-Foot Bars. Prices Reduced

JUBILEE VALUES IN STURDY, TOP QUALITY VISES

\$1.98
3-In.

CRAFTSMAN SUPER GRIP

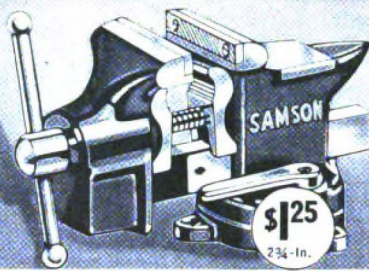

Finer Features Better Values

- Replaceable knurled steel jaws.
- Swivel base locks in any position.
- Cold rolled steel screw, slide bar and handle.
- Sharp, rugged removable pipe jaws.

Better materials to give tougher construction. Replaceable steel jaw faces are well knurled. Acme threaded screw insures easier operation. Every part accurately milled and fitted to give you perfect performance. Careful machining and snug fitting parts insure jaws that won't wobble. Compare these features with garage vises selling at much higher prices and you will agree that **CRAFTSMAN Super Grip** is America's highest quality.

Designed especially for shop, farm, or garage that demands the best. Polished anvil back fitted with hardie. New 3-point contact swivel base locks in any position. Attractive durable red lacquer finish. Lag screws included.

(CRAFTSMAN) Ratchet Pipe Stock and Die Set
 • Dies have double-threaded throats—take hold easily.
 • Solid guide—for quick change to any size pipe.
 • Two pawls on ratchet reduce lost motion. Dies cut almost as soon as handle moves.
 • American Standard taper threads.

Just what you have been waiting for! Speeds up threading; also handy for those hard-to-reach jobs in ditches, corners, and other close quarters. Ratchet action lets you pump the die on instead of twisting it—quicker, easier. Dies cut smooth thread for tight, leak-proof fit. Priced low for such quality. Threads pipe 1/4, 3/8, 1/2, 3/4, and 1 in. Size of dies, 2 inches. Heavy carrying rack. Shpg. wt., 15 lbs.

9 D 5469.....\$10.25

(CRAFTSMAN) Adjustable Pipe Stock and Dies
 • Patented adjustable self centering guide insures straight, accurate threads. Quickly set to any size pipe and for threads of different depths.
 • Patented adjustable two-piece dies with double threaded throat feature that makes starting easy. Finest hard-biting tool steel.
 • Meets every demand of skilled plumbers, steamfitters, and electricians. Cuts easily, quickly, without any pushing effort.

MOTORS BUILT TO SEARS EXACTING STANDARDS

Sold on Sears Easy Payments, See Page 1047

CRAFTSMAN Heavy Duty Motors

Guaranteed for 36 full months. The CRAFTSMAN motor is the finest, most rugged and longest lived motor built. It has tremendous overload capacity. Easily starts the heaviest loads on refrigerators, air compressors, water pumps, etc. Built by a manufacturer of world wide reputation. CRAFTSMAN motors meet all A.I.E.E., N.E.M.A. and Central Station requirements. At rated load motor temperature will not rise more than 40 degrees centigrade. The filtered oiling system and perfect balance insures smooth, quiet operation. Direction of rotation easily reversed. Check voltage, cycle and capacity of your power line. Motors of 2 H.P. or more are shipped prepaid from factory in New York City. Smaller sizes shipped from stock not prepaid. Send orders to nearest Mail Order House.

Sears New COMPANION Golden Jubilee Ball Bearing Motors

● Guaranteed for 24 full months.
● Has double drive shaft and handy built-in starting switch

It took a \$2,000,000 order to give you this fine motor at these prices! But we wanted an outstanding motor value for our Jubilee year and here it is! Stronger! Bigger! Heavier windings! Larger cooling ducts, frame castings and bearing housings. Second only to our CRAFTSMAN in quality. Compares with \$12.50 to \$15.00 motors. CHROMIUM plated bands, bolts, and end plates. Jet black base and motor casting. Equipped with precision ball bearings that need no attention beyond a twice-a-year oiling. It's recommended for jobs not requiring the large starting torque of our CRAFTSMAN motors. Not suitable for water pumps, etc. Easily handles heavy running loads if they are easily started. Supplied complete with rubber-covered cord and rubber plug. For 110-120 volt 60 cycle A.C. Speed, 1750 R.P.M. Operates in any position. The finest split phase motor ever sold. Priced to save you about 1/2.

COMPANION

HEAVY DUTY BENCH SAW

EASY TERMS
on Power Tools
See Page 1047

DELUXE MODEL • JUBILEE PRICED

- Depth of cut easily adjusted by ball crank and gear mechanism. Depth of cut shown on gauge.
- Extra large top 22 1/2 in. wide x 14 1/2 in. long.
- Operating mechanism completely enclosed.
- Auto-lubricating bronze bearings—Filtered lubrication that insures long life and easy operation.
- 8-inch combination rip and crosscut saw blade.
- Table tilts to any angle from zero to 45 degrees with adjustable stops at these positions.
- Angle of tilt shown on accurate scale.
- Fitted with removable insert for dadoing.
- Rugged, accurate ripping fence.
- Equipped with miter gauge and latest type approved safety guard.
- Full 2 3/4-inch depth of cut.

Again Sears lead in power tools with a bigger, heavier, finer bench saw! Accurate depth of cut and angle gauges (see "A" and "B" in small illustration)—new improved guard. The finely finished top is fitted with two steel side extensions to give an extra large working surface of 22 1/2 in. by 14 1/2 in. Extra heavy steel saw arbor accurately machined—runs true and vibrationless under maximum load. An exceptional value in a well built saw that you will be proud of. Shipping weight, 57 pounds.

99 DM 2220—Without motor..... **\$16.75**
99 DM 2221—As above with 1/4-H.P. COMPANION ball bearing motor. Shipping weight, 83 pounds..... **\$24.90**

RAFTSMAN Dadoes

Two outside saws, 6 chippers. 5 1/2 in. Accurate, keen cutting. Shipping wt., 1 lb. 10 oz.

99 D 4888 1/2-in. hole..... **\$3.25**

COMPANION 10-Inch Band Saw

\$14.75 Smooth running. Fast cutting. Easily handles hardest wood up to 4 in. thick. Cuts to center of 20-inch circle. Sturdy one-piece frame. 10-in. carefully balanced rubber tired, safety type wheels. Effective guard. Oversize bronze bearings. Table, 9 1/2 x 9 1/2 in. tilts to 45 degrees; angle of tilt shown on scale. Ball thrust bearing. Upper guide adjustable. Complete with 48-in. V belt, 1 1/4-in. V pulley and 72-page illustrated instruction book. Shipping weight, 61 pounds.

99 DM 2302..... **\$14.75**

RAFTSMAN 12-In. BAND SAW

\$24.95 Bigger! Sturdier! Six precision ball bearings. Cuts to 6-in. thickness. 12-in. balanced, rubber-faced wheels with latest type guards. Extra heavy one-piece frame. Ball bearing saw guides. Table, 12 1/2 x 12 in. tilts to 45 degrees with angle scale. With 48-in. V belt, 2 1/4-in. V pulley and 72-page illustrated instruction book. Shipping weight, 104 pounds.

99 DM 2304..... **\$24.95**

COMPANION Band Saw Blades

Fineest saw steel, carefully tempered, filed and set. State width.

99 D 2665—For 10-in. saw. Length, 62 in. 1/4, 3/8 or 1/2-in. width. Shipping weight, 6 ounces..... **69c**

99 D 2657—For 12-in. saw. Length, 77 in. 1/4, 3/8, 1/2, 5/8 or 3/4-in. width. Shipping weight, 8 ounces..... **79c**

COMPANION Drill Press

- Ball thrust-bearing absorbs spindle thrust.
- Universal type semi-steel head.
- Auto-lubricated bronze spindle bearings.
- Extra sturdy base serves as auxiliary table.
- Table is strong, heavy and rigid, 7 1/2 in. in.
- "Feather-touch" clamp locks head to column.
- Quill is graduated full 3 inches in 1/16-inch divisions. Provided with mortising collar. Uses standard attachments.
- Spindle provided with stop collar for drilling repetitive holes to same depth.

The features prove the quality—the price shouts economy. Seven speeds. Precision ground steel spindle. May be used for shaping, mortising or routing. Drills to center of 12-in. circle, 1/2-in. chuck. Height, 28 1/4 in.; maximum distance, table to chuck jaws, 7 1/4 in.; chuck to base, 10 1/4 in.

99 DM 2372—COMPANION Drill Press with "V" belt, 4-step motor pulley, 3-jaw chuck. Without motor. Shipping weight, 70 pounds..... **\$13.50**

Shipping weight, 6 pounds 2 ounces.

99 D 2500..... **\$1.89**

COMPANION 4-SPEED 9-INCH BENCH LATHE

For Wood or Metal Turning—9-Inch Swing—44-Inch Bed

- Double bearing headstock insures long life and permits large diameters to be turned outboard.
- Headstock ball thrust bearing insures smooth, easy operation.
- Specially built headstock guarantees accuracy, rigidity and easy belt shifting for the various speeds.
- Special auto-lubricating bronze bearings.
- Tailstock equipped with self-ejecting center, ram lock and set-over for taper turning.
- Heavy 44-inch gray iron bed, accurately milled and strongly webbed.
- Four speeds ranging from 700 to 4000 revolutions per minute.

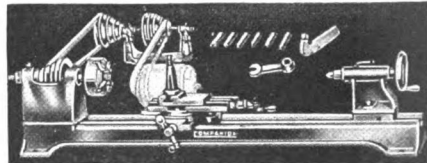

Craftsmen! Woodworkers!

You men who like to make things with tools! Here's the biggest value Sears ever offered in a low cost lathe. Full 30 inches between centers and 9-inch swing gives it capacity for most any job. Tailstock "sets over" for turning tapers. Has right and left hand threaded head-stock spindle, number one Morse taper cup and spur centers. 9 D 2090 double threaded face plate listed below can be used on either end of spindle without reversing motor.

Handles Outboard Turning

Pulley being mounted between headstock bearings, permits outboard turning and a greater variety of work. Results in greater accuracy and longer life. A truly fine lathe... remarkably low priced. Complete with 4-step "V" drive motor pulley, 6-in. tool rest, spur and cup centers. Use 1/4-H.P. Motor. (See Page 901.) Shipping weight, 61 pounds.

99 DM 2018 \$11.95

Complete Metal Working Outfit

CRAFTSMAN 9-inch bench lathe as described at the left, equipped with high grade compound rest with feed collars graduated to one-thousandth of an inch, angular dial from zero degrees to 180 degrees, longitudinal feed of 6 inches and a transverse feed of 5 1/8 in., production type tool post, tool holder, six tool bits, wrenches, multiple speed jack shaft, 4-in. 4-jaw chuck, belt, pulleys and 60-degree center. Improved Red CANVATEX Silver Arrow

GUARANTEED 3 YEARS Nine out of ten American farmers prefer red canvas—Why? Because red canvas belts in actual service have proven their superiority over all other types of stitched canvas belts. Sears Red CANVATEX offered at money-saving prices is the toughest, sturdiest canvas belt you can buy—so dependable that we guarantee it for 3 years. 32-oz. U.S. Government Standard cotton duck, 4 plies closely lock-stitched, pre-stretched, impregnated with vegetable oils and waxes, and covered with a protective waterproof slip-proof coating to give permanent flexibility the year 'round. Won't get sticky in summer or brittle in winter. Clings to the pulleys, gives greater transmission of power, lasts longer... more carefree service than can be expected of any other type of stretched canvas belt, regardless of color. We also offer black canvas belt—and at prices lower than usually asked—but we recommend guaranteed Red CANVATEX Silver Arrow because for only a few cents more you can have the World's Finest Harvester Belt!

Link Chain Belting

No. 25 **10c** Per Foot

9 D 7000—High quality malleable iron chain belting with detachable interchangeable links. For mowers, reapers, corn and wheat drills, conveyors, etc. Every foot guaranteed to be accurately made and finished. State number and length.

Solid Woven COTTON BELTING

Waterproof Treated

1 1/2 Inch **5 1/2c** Per Foot

Hard twisted cotton, woven solid in one piece; no seams or laps. Impregnated with special waterproof compound, combined with smooth weave makes perfect gripping surface. 3/2-in. and wider is about thickness of 4-ply belting; smaller sizes are about same thickness as 3-ply. Especially recommended for high speed machines. Remains pliable whether wet or dry—hot or cold. Made endless with clipper lace without charge if requested on order. State width and length.

on **RED DRIVER** Rubber Belt

GUARANTEED 5 YEARS The best always costs less in the long run. And that's where RED DRIVER rubber comes in—for the greatest strain, the toughest pull, the hardest wear, the lowest cost for the years of service it will give you. RED DRIVER is an industrial type transmission rubber belt. Extra heavy rubber friction; about 1/4 heavier than ordinary belts. Guaranteed against ply separation. 4-ply standard U. S. Government 32-3 duck, impregnated and heavily coated with fresh, live rubber, and then vulcanized inseparable but flexible unit that clings to the pulleys in all kinds of weather, demands maximum of power at all speeds. Not affected by heat or cold, steam, drought or frost. Transmits power—INSTANTLY because it's slip-proof and stretchproof. A belt proved its superiority for hundreds of uses. Only because of our experience and care in this belting are we able to stand back of RED DRIVER with an unreserved guarantee.

RUBBER BELTING by the Foot

GUARANTEE

We guarantee HY-TEST Pure Manila Rope to give you as good or better service than any other manila rope regardless of price — to test higher than U. S. Gov't. breaking strain specifications for No. 1 quality rope.

SEARS,
ROEBUCK
AND CO.

Pay what you will! HY-TEST gives you more for your money than any other manila rope you can buy. Compare it point for point! Fibers—100% new, long-life manila fibers, oil sprayed for internal lubrication; in addition it is thoroughly waterproof treated against mildew and rotting. Lay (twist)—hard, tight laid rope kinks and is hard to handle. HY-TEST is laid just right. Wears longer, handles easier, in every farm and industrial use. Strength—exceeds U. S. Government breaking strain specifications for No. 1 quality rope. Freshness—Sears tremendous volume assures you of fresh, live rope at all times. Order HY-TEST and get EXTRA STRENGTH LONGER LIFE, GREATER VALUE! Can be furnished in one continuous length up to 1200 feet.

COMMODORE EARL B. GASCOIGNE, of the St. Joseph River Yacht Club, and his 11-ton yacht, **SILVER HEELS**. All dock lines, mooring lines and hand lines on this boat are HY-TEST Pure Manila. Commodore Gascoigne says, "HY-TEST meets every demand... I am contented to trust my life and investment to the sturdiness of this manila. Best of all it is economical to use." Boat service puts rope to the most severe test by frequent wetting and drying—sudden straining—jamming against dock. Here's definite proof that HY-TEST will serve you well on any job.

Order The Size You Need
For hay carriers use 3/4, 13/16, 7/8, or 1-in.; for trip rope use 1/2-in.; for luggage, camping tents, etc., use 1/4, 3/8, or 1/2-in.; for truckers, halters, hay slings use 1/2 or 3/4-in.; for painter falls, play swings use 3/4-in.; for boat anchors, bell ropes, tow lines use 3/4 to 1-in.; for mooring lines, stump pulling, well drilling use 1-in. or larger.

HY-TEST SERVES YOU BETTER—LASTS LONGER

CHAIN GRIP Improved Hoists

See U. S. Pat. Off.

Farmers, garage owners and shop owners use CHAIN GRIPS for toughest hoisting. Every part in a Sears CHAIN GRIP is manufactured and assembled with the utmost skill and care. They work smoothly, safely and under maximum load. Note these superior features: 1. Extra strong inforced, malleable iron frame and axle. 2. Extra heavy drop forged, heat treated swivel hooks. 3. Load chains electrically welded and tested—accurately fitted to sheaves. 4. AUTOMATICALLY holds load in any position. One man and a CHAIN GRIP can do the work of many. Shipped freight or express only.
